The date of the start of the history of the United States is a subject of debate among historians. Older textbooks start with the arrival of Christopher Columbus in 1492 and emphasize the European background, or they start around 1600 and emphasize the American frontier. In recent decades American schools and universities typically have shifted ...

"This book changes our understanding of the fundamental character of the United States as a presence in world history. By focusing on the processes by which Americans acquired, controlled, and were affected by territory, Daniel Immerwahr shows that the United States was not just another 'empire,' but was a highly distinctive one the dimensions of which have been largely ignored."
