United Turbine

The engine must be removed from the wing and taken to an engine shop for inspection, whereas the hot section inspection on the PT6 can be done on wing, representing a relative cost saving. But they add this cost saving fails to make up for the high cost incurred from doing an engine overhaul every 4,000hr as opposed to being able to wait to 7,000hr.

Opinion: TPE331 versus the PT6 - Smart Aviation Asia-Pacific
