The Cambridge Introduction To Jean

Frege (1884, introduction and section 27; 1893–1903, introduction; 1894; and 1919) gave several compelling arguments against psychologism. First, it seems that psychologism is incapable of accounting for the truth of sentences that are about all natural numbers, because there are infinitely many natural numbers and clearly, there could not be ...

Jean-François Lyotard (1924–1998) was a French philosopher whose best known work—often to his chagrin—was his 1979 *The Postmodern Condition*. Written at the request of the Council of Universities of the Provincial Government of Quebec on the state of knowledge in the contemporary world, this work brought the term “postmodernism”, already in use in other fields, such as the arts and ...
