The Definitive Guide to Point and Figure: A Comprehensive ...

In summary, Heinrich Weber & Kermit Zieg's book is the definitive guide to the theory and application of point-and-figure charting. It is especially welcome for UK and European traders, since it uses recent charts of FTSE and European securities as examples, and includes hitherto unpublished research on p&f's applicability to European securities.

The Definitive Guide To Point And Figure PDF EPUB Download ...

Rarely does a book live up to its claim of being the 'definitive' guide to something. Jeremy du Plessis' new book lives up to that claim and more. It's almost impossible to imagine a more definitive treatment of point and figure charting. The author pays homage to its early development and the pioneers who first wrote about it.
