Toward a contingency theory of CRM adoption: Journal of ... The key difference between system theory and contingency theory is that system theory focuses on the internal dynamics of an organization's structure and behaviour whereas contingency theory focuses on the external factors of the organization's behaviour and structure. Both theories are

## **Towards Contingency Theory Of Management Accounting**

Contingency theories have become prominent in both organisation theory and management accounting. It has also been suggested that the contingency approach is implicit in accounting policy making. The contingency framework is extended to corporate reporting and it is argued that this may provide a means of explaining and predicting such systems.
